27 June 2017

Dear Parents/ Guardians

I hope that your child/ward had time to rest and enjoy family time during the June holidays and is all ready for an exciting and enriching Semester 2 of learning and growth.

Happy Learners – Signature Events

Our students were truly happy learners in Semester 1 and the credit must go to the team of dedicated staff in Eunos Primary who worked tirelessly to create the Eunos experience.

Our Primary 3 students participated in the Ethnic Home Visit Programme on 05 April where they had the opportunity to experience different cultures through tasting food unique to the culture as well as participating in hands on activities such as learning a handicraft. We are most appreciative of the families of our Eunosian students and staff who generously opened up their homes and we look forward to them joining us during the Racial Harmony celebrations to be held in Semester 2.

The Zoo Camp for the Primary 4 students from 10 to 11 February and the Cohort Camp for the Primary 5 students from 20 to 22 April were also successfully completed in Semester 1. The camps helped strengthen the sense of camaraderie amongst the students and reinforced the school values of Care. Unity. Resilience. Respect. Integrity. Excellence.

From 18 to 23 May, a group of 27 students led by 4 teachers went on an overseas learning journey to Kyushu, Japan. The main objective of the trip was to develop student advocates of environmental conservation by providing the students with an opportunity to learn about conservation efforts in Japan. The students learnt much through visiting the Eco-town and joining the Japanese students in the cleaning up efforts in the school they visited.

Confident Communicators & Critical Thinkers

The Maths & Science Week held from 10 to 13 April was a resounding success for the student presenters who had the opportunity to share their learning of the Maths and Science concepts taught. The highlight was undoubtedly the display of the Circuit Scribe-Art creations as a result of the collaboration between the Art and Science departments for the Primary 5 students.

As part of the school's efforts to streamline events, this enjoyable learning experience was also open to over 600 kindergarten children and their parents as part of the Kindergarten Visit to our school. With the unwavering support from our Parent Support Group members, the Kindergarten Visit was a remarkable success, evident from the parents' and kindergartens' notes of affirmation.

School Achievements

Eunos Primary School

95 Jalan Eunos S(419529) Tel: 67463336 Fax: 67488554

Under the guidance of our committed staff, our students have done the school proud and excelled in various competitions while being exemplary role models of the school values.

Safety Matters

We thank all parents for their support regarding the safety measures taken by the school since the start of the year. In particular, the school is appreciative of parents who have adhered to the school policy of picking up your child/ward at the public carpark after school and driving into the school compound only when the school buses have left the school premises.

The safety of our students is our utmost concern. Do remember that all visitors are required to register at the security post and to wear the visitor's pass at all times when in the school compound.

Student Well-being and Temperature Taking

To ensure emergency preparedness in times of need, the school will be conducting a temperature taking exercise on 30 June (Friday).

Students are to ensure that their ODTs are in working order and bring them to school starting from Wednesday, 28 June 2017. Replacements can be purchased from the school bookshop at \$4.50.

If there has been any change in the contact details or address, please inform your child's/ward's Form Teacher immediately for us to update on the system. This will enable us to communicate quickly with you in the event of an emergency.

Partnership with the school

We thank you for your support and close partnership with the school. In our efforts towards continuous improvements, we welcome your feedback and suggestions. Should you have any concerns or queries, please call our General Office at 67463336 or email us at eunos_ps@moe.edu.sg.

Yours sincerely,

Mrs Grace Ong
Principal
